## RESPONSE TO RESTRICTION REQUIREMENT

Dear Sir:

This is in response to the Election of Species Requirement in the Office Action dated May 19, 2005. In that office action, applicant was required under 35 U.S.C. 121

## CERTIFICATE OF MAILING

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner of Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on June 20, 2005.

to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable, and that currently no claim is generic.

The species stated are:

- 1) Figs. 2a-2s (sic), which reads on Claims 11-13, 15, 17, 19, 20, 23-25, 42-51, 52-58, 60-71, 73, 74, 102-107, 109-111, 117-121, 123-129, 131-141, 143-145, and
- 2) Figs. 3a-3f.

The Examiner is believed to have made a typographical error with regard to the species identified as Figs. 2a-2s. Since the application only has Figs. 2a-2j (i.e., there are no Figs. 2k-2s), Applicant will assume the Examiner intended to indicate the first species to be that shown in Figs. 2a-2j.

Applicant provisionally elects to be examined the species described by the Examiner as the species shown in Figs. 2a-2j (corrected), which reads on Claims 11-13, 15, 17, 19, 20, 23-25, 42-51, 52-58, 60-71, 73, 74, 102-107, 109-111, 117-121, 123-129, 131-141, 143-145. This election is made with traverse of the requirement under 37 C.F.R. 1.143 for the reasons given in the following paragraphs.

The Examiner is respectfully requested to reconsider the Requirement for Election of Species given in the Office Action, because of the increased costs applicant would be forced to bear if the two species are separately examined. Furthermore, the field of search must necessarily cover both species, in addition to other related Classes and subclasses, to provide a complete and adequate search.

Withdrawal of the Election of Species Requirement, and allowance of the present Patent Application, is therefore respectfully requested.

It is requested that should there be any problems with this response, please call the undersigned Attorney at (845) 452-5863.

Respectfully submitted,
